Trans-Generational Family Relations: Investigating Ambivalences

Edited by Isabelle Albert, University of Luxembourg; Emily Abbey, Ramapo College of New Jersey and Jaan Valsiner, Aalborg Universitet

A volume in Perspectives on Human Development
Series Editors: Dieter Ferring, Université du Luxembourg, Jaan Valsiner, Aalborg University and Conchita D’Ambrosio, Université du Luxembourg

The present volume deals with the experience of ambivalence in family relations - a well-known phenomenon that has inspired more and more research and theorizing in the last years but that is however sometimes difficult to capture.

Bringing together junior and senior researchers from different parts of the world, ideas on theory and research are elaborated following qualitative and quantitative approaches. This book thus contributes to theory-building as well as outlining research results and helping to develop measurement in interpersonal and intergenerational relations.
