HONORARY PRESIDENT
Lotfi A. ZADEH

GENERAL CHAIRPERSONS
Bernadette BOUCHON-MEUNIER
Ronald R. YAGER

TOPICS
- Evidence Theory
- Possibility Theory
- Utility Theory
- Measurement Theory
- Belief Networks
- Chaos Theory
- Fuzzy Methods
- Rough Sets
- Belief Updating
- Default Reasoning
- Multivalued Logics
- Temporal Reasoning
- Machine Learning
- Neural Networks
- Aggregation Methods
- Data Analysis
- Fuzzy Control
- Hybrid Systems
- Clustering
- Classification
- Databases
- Pattern Recognition
- Image Processing
- Bioinformatics
- Information Incompleteness and Inconsistency
- Multicriteria and Group Decision Making
- Measure of Information and Uncertainty
- Cyber Security Software Engineering
- Bayesian and Probabilistic Methods
- Diagnosis Expert Systems
- Multi-Media Management
- Decision Support Systems
- Approximate Reasoning
- Knowledge Acquisition
- Uncertainty in Cognition
- Non-standard Logics
- Non-monotonic Logics
- Genetic Algorithms
- Evolutionary Computation
- Neural Networks
- Data Analysis
- Intelligent Systems
- Medical Applications
- Financial engineering
- Information Systems
- Information Retrieval
- Information Fusion
- Data Mining

KEY DATES:
- October 15, 2005: Submission of special sessions
- December 10, 2005: Submission of papers
- February 25, 2006: Notification of acceptance
- March 31, 2006: Submission of final papers
- July 2-7, 2006: CONFERENCE

3 copies of full paper (6-8 pages)
must be submitted to the secretariat:
Secretariat IPMU 2006
LIP6-Pole IA
8 rue du Capitaine Scott
75015 Paris, France
