Mapping Legal Innovation

Trends and Perspectives

- Elucidates practical as well as scientific aspects of legal innovation
- Includes contributions by leading authors in this new field
- Analyzes the topic by drawing on the perspectives of lawyers and creative specialists

The legal sector is being hit by profound economic and technological changes (digitalization, open data, blockchain, artificial intelligence ...) forcing law firms and legal departments to become ever more creative in order to demonstrate their added value. To help lawyers meet this challenge, this book draws on the perspectives of lawyers and creative specialists to analyze the concept and life cycle of legal innovations, techniques and services, whether related to legislation, legal engineering, legal services, or legal strategies, as well as the role of law as a source of creativity and interdisciplinary collaboration.
