

UNIVERSEH EMI (English-Medium Instruction in Higher Education) Special Interest Group

Invitation to Meet-up 2

In September, we had the pleasure of welcoming Dr. Natassia Schultz (UNamur, Belgium) to discuss EAP Practitioner and Subject Specialist Collaboration. We're delighted to invite you to our second meet-up, featuring a two-part programme:

Part I

Dr. Katrien Deroey (University of Luxembourg) will present an online talk entitled:

"Designing EMI Lecturer Training Programmes: What and How?"

Dr. Deroey will present her research on EMI lecturer training worldwide (Deroey, 2023). She analysed 25 published initiatives to discover common training components and formats as well as challenges and recommendations. The survey provides those charged with EMI lecturer training with insights into how to develop and deliver such courses or support.

Part II

Following the talk, participants are invited to share reflections on the survey's findings and discuss practical strategies for developing effective EMI support systems at their own institutions.

- Moderator: Anna Krukiewicz-Gacek
- Date: 10 December 2024
- Time: 13:00–14:15 CET
- Location: Online (MS Teams)

👉 Please register by **8th December** to join the meet-up:

UNIVERSEH EMI (English-Medium Instruction in Higher Education) Special Interest Group

About the UNIVERSEH EMI SIG

Do you want to join our group and...

🌐 Dive into the world of English Medium Instruction (EMI) in higher education with our new series of online meet-ups designed to support educators, administrators, and students in university settings.

📁 Discover institutional support systems tailored for EMI teachers and administration, facilitating professional growth and development.

🔍 Explore innovative ways to adapt teaching styles, ensuring inclusivity and engagement for all students, regardless of the students' discipline or language proficiency level.

🗣️ Master the art of effective communication in multilingual classrooms, fostering a dynamic learning environment where diversity thrives.

Anna Krukiewicz-Gacek (AGH University of Krakow), UNIVERSEH EMI SIG Convenor, will be happy to assist you with any enquiries you may have.
