In the framework of the activities of the Belgian OR Society, the FNRS Group of Operations Research and GEMME, we are pleased to announce a one-day Conference on

**COOPERATIVE GAMES AND
MULTICRITERIA DECISION AID**

to take place on Thursday May 22, 1997 at the new building of the Institute of Mathematics which has been recently inaugurated

Institut de Mathématique
Université de Liège
Campus du Sart-Tilman
Bâtiment B37, Parking 32
Room 01
LIEGE

In order to facilitate the organization of the meeting, attendees are asked to register in advance either by mail, by fax or by e-mail to Marc Roubens

<p>I will attend the Game Conference</p> <p>Name :</p> <p>Institution :</p>

For additional information, feel free to contact

Marc Roubens
Institut de Mathématique
Campus du Sart-Tilman, Bât. B37
4000 Liège

Tél. : 04/366 94 10
Fax : 04/366 95 47
E-mail : M.Roubens@ulg.ac.be

Programme

Institute of Mathematics, University of Liège

May 22, 1997

Cooperative games and multicriteria decision aid

- 9.00 : Registration
- 9.30 : Irinel Dragan (University of Texas, Arlington, Texas)
Potentials and relationships between the Shapley Value and some other values for cooperative T.U. games.
- 10.30 : Hans Peters (University of Maastricht, NL)
The selectope for cooperative games.
- 12.00 : Lunch.
- 13.30 : Michel Grabisch (Thomson CSF, Central Research Lab., Orsay, France)
Axiomatics of interaction between the members of a coalition in cooperative game and decision aid contexts.
- 14.30 : Coffee break.
- 15.00 : Jean-Luc Marichal (University of Liège)
Aggregation of ordinal data and open problems related to possibilistic approximation of monotonic set functions.
- 16.00 : End of the meeting.

Please come and have a look at our new Institute of Mathematics and disseminate this information around you !!

Attendance to the meeting is free of charge.

Travelling expenses are reimbursed for scientists of the French Community of Belgium.

In order to facilitate the organization of the meeting, attendees are asked to register in advance either by mail, by fax or by e-mail to Marc Roubens.
